

Qualcomm Student Ambassador Program

Overview

Program Overview

As a Qualcomm Student Ambassador, you are a leader, creator, collaborator, and promoter of innovation using Qualcomm Technologies platforms on your campus.

Introduction

Being a Qualcomm Student Ambassador is a transformative experience that fosters long-term personal growth and cultivates essential leadership skills. By spearheading technical projects and organizing campus events, student ambassadors learn to navigate complex challenges, communicate effectively with diverse audiences, and inspire innovation among peers.

The program encourages initiative and accountability, requiring student ambassadors to manage timelines, budgets, and collaborations—skills that are directly transferable to professional environments. Mentorship from Qualcomm Technologies engineers provides invaluable exposure to industry best practices and cutting-edge technologies, while global recognition and participation in high-profile events build confidence and a strong professional network.

Overview

Responsibilities

- ❖ **Lead on Campus:** Represent us and your chosen Qualcomm Technologies platform in your academic community.
- ❖ **Develop a Project:** Create at least one technical project using Qualcomm hardware.
- ❖ **Host Events:**
 - ❖ Organize three meet-ups per academic year (with budget for pizza/snacks).
 - ❖ Host 1–2 showcase events to demo your project and inspire peers.
- ❖ **Mentor & Collaborate:** Support peers at hackathons and collaborate with clubs or teams.
- ❖ **Commitment:** Your student ambassador role lasts for one academic year.

Opportunities for Exposure

- ❖ **Events:** Present your work to industry leaders (virtual or in-person).
- ❖ **Hackathons:** Serve as a mentor and help others create using our Platforms.
- ❖ **Global Recognition:** Be featured on our social media and website.

Key Deliverables

- ❖ **Project Proposal** with clearly defined deliverables and associated timeline
- ❖ **Midpoint Check-In** with your mentor - What has been accomplished so far and what is left – Virtual
- ❖ **Final Showcase** - Present at to Qualcomm leadership on what you have accomplished throughout your year as a Qualcomm Student Ambassador

Awards & Perks

- ❖ Certificate of Recognition
- ❖ Exclusive Qualcomm Technologies Swag
- ❖ Insider access to Qualcomm Technologies Events
- ❖ Global Recognition

Support

- ❖ Qualcomm Technologies hardware, supporting Documentation, and training
- ❖ Industry mentor to help with technological questions or logistical issues
- ❖ \$1-2.5k for each project/event (funds sent to your department via faculty advisor)
- ❖ Ability to connect with fellow Student Ambassadors around the world for collaboration and inspiration

WELCOME TO THE STUDENT AMBASSADOR PROGRAM!

Ultimately, the student ambassador journey empowers students to become visionary leaders who not only excel in technical domains but also drive meaningful impact in their communities and future careers.
