Emilio Nares Foundation

Location: San Diego, CA

Industry/Sector: non-profit

URL: www.enfhope.org

About Emilio Nares Foundation:

ENF helps families navigate through their child's journey with cancer and other life-threatening illnesses, and ensures no child misses a medical treatment due to lack of transportation. Its flagship program, Ride with Emilio, is nationally recognized by the US Surgeons General as a model program. Ride with Emilio is a FREE transportation service for sick children to access chemotherapy and other important medical appointments. Families using public transportation were taking up to seven hours to reach the hospital while exposing their immune-compromised children to an unsafe atmosphere. An ENF van makes sure they arrive safely to the hospital, on time, every time. Ride with Emilio travels over 100,000 miles annually.

Entelligent

Location: Boulder, CO

Industry/Sector: Information Technology

URL: www.entelligent.com

About Entelligent:

Entelligent was the first to develop, and has been granted a US patent giving it and its licensees exclusivity regarding scenario analysis in climate-related risk assessment for security selection and financial products that build on that approach. Entelligent hired a sophisticated team of data scientists to develop, test and validate the Smart Climate® methodology. Using big data, artificial intelligence and systems dynamics modeling, the team created a technology that allows investors to account for systemic macro-risks, like climate change, in order to improve risk-adjusted returns. Entelligent continues to meet this objective by partnering with the likes of the United Nations Joint Staff Pension Fund (UNJSPF) to generate a custom data stream to assist in security selection using a suite of E-Score® products. Also, Entelligent's data partnership with a globally recognized financial information provider and the roll out of a portfolio analyzer will allow wealth managers and family offices to

measure the financial and environmental performance of public funds. Entelligent continues to grow and work with a dedicated team of experts and in collaboration with commercialization partners to validate and expand the Smart Climate methodology and suite of products.

Environmental Lights

Location: San Diego, CA
