

# Snapdragon Sound

## Here's a step-by-step guide to getting started with the Snapdragon Sound™ Technology Suite

### 1. Getting Started:

**Contact Us:** Reach out to us [here](#). Our team will get in touch with you as soon as possible to discuss your interest in integrating Snapdragon Sound.

### 2. Contracts:

**Enter into the Contract:** You will need to be licensed to use Snapdragon Sound. Contracts will be issued as part of the onboarding process.

### 3. Integration and Development:

**Access the Qualcomm® ADK:** The Qualcomm Audio Development Kit (ADK) will be made available to you. This will enable you to start the integration and development process.

Note: For sink devices such as earbuds and headphones, this process will involve ordering license keys.

### 4. Interoperability Test & Certification:

**Submit for Testing:** Devices that wish to use Snapdragon Sound must be submitted to our test facility in Taiwan for interoperability testing.

**Receive Results:** Once a device passes interoperability tests the device may use Snapdragon Sound branding.

### 5. Branding:

**Download Brand Guidelines:** Once your device has passed the interoperability tests, you can download the brand guidelines and logo assets from our [brand portal](#). This requires registration.

### 6. Web Listings:

**Announce and List:** Once your devices are announced they will be added to our Snapdragon Sound web directory [here](#).

Snapdragon branded products are products of Qualcomm Technologies, Inc. and/or its subsidiaries.
