Arvin Chander
VP, Carrier Relations
Qualcomm Internet Services
Qualcomm Technologies, Inc.

Arvin Chander is vice president of carrier relations for Qualcomm Internet Services (QIS). QIS offers high performance software and services for mobile network operators and device manufacturers. The QIS portfolio includes customized, robust software and services for communications, context awareness, and application platforms solutions that maximize investments in mobile infrastructure and enable great user experiences.

Chander is responsible for the sales, implementation and project management of operators offering services based on the BREW solution throughout Asia. Chander is also responsible for business development and operations for the Qualcomm Toq smartwatch. Prior to joining QIS, Chander was responsible for business development for Asia and Brazil with QCPI. Chander originally joined Qualcomm in 1998 and has held various positions in finance in Qualcomm Consumer Products Group. Prior to joining Qualcomm, Chander was with Wells Fargo Banking Corporation in their corporate banking group.

Chander holds a bachelor's degree from University of California, Los Angeles and a Masters in Business Administration from USC's Marshall School of Business.
