

# Channa Seneviratne

## Director

### Wireless Network Engineering

Channa Seneviratne is currently Director - Wireless Network Engineering in Telstra Operations. He works with the senior management team on the design, delivery and optimisation of Telstra's core and radio wireless network infrastructure.

Channa has over 25 years of experience in Telecommunications networks having worked in both Operations and Engineering across both fixed and wireless technologies. During his time in Telstra, Channa has played key roles in the introduction and operation of Telstra's 2G (GSM & CDMA), 3G and now 4G networks.

Channa has a Bachelor of Engineering from the University of Queensland.

Away from work Channa enjoys travel, sport, wildlife photography and spending time with his wife and two young daughters.
