

**Mike Wright** – BEng (Hons)

**Group Managing Director – Networks**

**Mike Wright** is the Group Managing Director of Networks in Telstra Operations. Mike leads Telstra's engineering and construction capabilities for all fixed, wireless and media networks.

With over 30 years experience in telecommunications, Mike has made a significant contribution to the evolution of Telstra's mobile network to what is now a world class, nationwide LTE/HSPA enabled network.

Mike has been highly engaged in world leading network technology developments in the wireless, fixed and media fields including more recent developments of Australia's first LTE-A, VoLTE and LTE Broadcast capabilities and network advances in Optical transport, SDN/NFV and Media optimised networks.

Mike is regular presenter and influencer at international forums throughout Europe, Asia and the Americas.
