* Supports Quick Charge 4

**Manufacturers may configure power controllers to support Quick Charge 4 or Quick Charge 4+ with backwards compatibility. Power controllers have been certified by UL and/or Granite River Labs (GRL) to meet compatibility and interoperability requirements. These devices contain the hardware necessary to achieve Quick Charge 4/4+. It is at the device manufacturer’s discretion to fully enable this feature. A Quick Charge 4/4+ certified power adapter is required. Different Quick Charge 4/4+ implementations may result in different charging times.
