

Qualcomm®  
**snapdragon**

# At the heart of the devices you love.

**Do more of the things you love with Qualcomm® Snapdragon™ processors.**

Seamlessly switch from app to app, enjoy breathtaking download speeds, play the hottest games, and you'll most likely run out of juice before your battery does. That's what happens when your device has the heart of a dragon.

## **Snapdragon 800 Processors**

Snapdragon 800 Processors are designed to deliver blazing fast apps and web browsing, visually stunning graphics, breakthrough multimedia capabilities, seamless communications virtually anytime, anywhere and outstanding battery life for premium smartphones, Smart TVs, digital media adapters and tablets.

## **Snapdragon 600 Processors**

Snapdragon 600 Processors are designed to deliver outstanding performance for today's coolest apps, fast web browsing, seamless connectivity and great battery life for mid-high tier smartphones and tablets.

## **Snapdragon 400 Processors**

Snapdragon 400 Processors are designed to deliver the performance, features, connectivity and battery life that consumers expect in high volume smartphones and tablets.

## **Snapdragon 200 Processors**

Snapdragon 200 Processors are designed to deliver a valued balance of performance, robust connectivity and better battery life for entry level smartphones.
