ALEX KATOUZIAN
Senior Vice President and General Manager, Mobile
Qualcomm Technologies, Inc.

Alex Katouzian currently serves as senior vice president and general manager of the mobile business unit at Qualcomm Technologies, Inc. In this role, Katouzian is responsible for the profit and loss of the mobile BU, as well as overseeing the product roadmaps and product management functions, including Snapdragon, MSM, APQ, MDM, RF and PMIC solutions, as well as all software and multimedia technologies, and Qualcomm Reference Design products. This involves all aspects of strategy, product planning, definition, commercialization, forecasts, pricing and general operation of the business unit.

Katouzian brings nearly 27 years of experience to Qualcomm. Prior to joining the company, he held various management positions at Brooktree Corp, and Conexant Systems developing multimedia, graphics and cellular chipsets and software products.

He holds a Bachelor of Science degree in electrical engineering from the University of California, San Diego.
